

To Whom It May Concern:

Nolan Heald has been a student/athlete the last three years in the Broken Arrow Baseball Program and has done an outstanding job both on and off the field! He has demonstrated qualities such as great work ethic, desire to improve every year, coach ability, and has been a tremendous asset to our program! Nolan has been a leader with our younger group and has been a great competitor. Nolan has participated in many community service projects over the last four years including Challenger Basketball, Toys for Tots, Reading Across America, Salvation Army Canned Food Drive, Multiple Sclerosis Fundraiser and visiting the Veterans Center in Claremore, Oklahoma. Nolan has always been a student and player we could trust in every situations whether it be on the field or in the classroom. Personally, I would highly recommend Nolan for any opportunities that come his way. Please contact me for further information regarding Nolan at the number or email listed below.

Sincerely,

Shannon Dobson
