Jaxon McTyre I have Coached for 3 years and counting. It is a pleasure and honor to be representing him since candidly I do not believe he needs my help to obtain a college scholarship and/or to be selected in the 2021 MLB draft. Jaxon is that solid of a player. Jaxon is the most bonafide 5 Tool player I have coached in my 15 years of coaching. At GO 4 THE SHOW www.go4theshow.com we have had other players sign DI College scholarships but Jaxon McTyre is the most gifted overall player to date we have seen for his age. Jaxon's 5 Tool skills and video are evident from throwing 91.9 mph, plus PBR 60 time of 7.1 sec (MLB 50), Bat Exit Velo of 89 mph, Pitching (High/Low/Avg/Sit) of 84/78/81/80 mph and OF Arm velo measured from 89-92 mph. We project Jaxon is at least an NCAA DI prospect if not an MLB draft pick. All that and Jaxon isn't even fully developed as a Sophomore 2021 Grad.

Jaxon is a top-tier prospect with a MLB 42 score overall one of the highest we have graded to date. Coaching Jaxon for 3 plus years I have literally see him be a game-changer single-handedly knocking down Goliath-like opponents by doing the following:

1. **Leading games off multiple times with statement HR's off other team aces**
2. **Pitching mowing down opposing strong batters in shutout fashion**
3. **Aggressive base-running very instinctive gets great jumps hard to throw out steals with ease on most**
4. **Makes game look easy almost Trout-like graceful effortless movements, balance, smart and instinctive**
5. **Amazing OF skills also once caught ball deep down RF line almost foul full speed then threw out tagging runner from 3B to home. Many times stopping runners tagging on 3B from CF throws to plate.**
6. **Very coachable and respectful, his heart and care for others may be greatest trait selfless ballplayer**
7. **5 Tools are real not just a cliché for Jaxon McTyre. Few if any others seen to date like him for real!**

Jaxon is our #1 Top Prospect for 2019 to date with an MLB 20-80 score of 42 overall. Traditionally, we have seen that prospects graded by our College & MLB Scouts with a 40+ MLB score have been effective middle to Major College scholarship recipients, usually NCAA DI. Jaxon was also selected to play on our 2018 Oklahoma All-Star Fall-State 18 Open State Championship team (SOUTHWEST SHOWCASE) in which Jaxon had several timely key hits and clutch rangy defensive putouts that were instrumental in winning this championship and getting state rings.

Jaxon has "The Look", as well as all the Tools with plus Speed, Power, a true Utility player with great range and the rare ability to be a game-changer offensively and defensively. Jaxon has confidence and being a 4A Starting Football QB for Sallisaw High School, Jaxon is a premiere athlete. Over the years we have had many HS QB's on our baseball teams and have found their leadership brings another dimension of excellence to the diamond as well.

Jaxon is a selfless teammate that has never once complained coming out of lineup to give others opportunities and always supports his team being a true team player.

GO 4 THE SHOW highly recommends Jaxon McTyre to strengthen your college program on and off the field. Jaxon ranks in the Top 5% of the 60 plus prospects to date we have helped obtain college scholarships. With Jaxon being a Sophomore at the time of this letter, that is very impressive and by the time he is a Senior he will likely be the Top Prospect we have seen overall. Jaxon already has NCAA DI interest so don't snooze and lose he will be playing College somewhere and I can tell you first-hand you would rather play with him than against him.

Please feel free to contact me in regards to anything you may wish to discuss on Jaxon McTyre. Jaxon McTyre will be a strong addition to your program.

Sincerely,
